This vehicle history report is based on **information** (<https://www.carfax.ca/vehicle-history-data>) that was reported and available to CARFAX Canada as of April 21, 2026 (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. **There may be other information about this vehicle that has not been reported to CARFAX Canada.** When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

## Open Recalls

Recall #: R0222 - Exp | WINDSHIELD WIPER ISSUE    Recall Date: 2023 Mar 21

**Recall Description**

Issue: On certain vehicles, the windshield wiper motor may stop working when snow and/or ice builds up on the windshield. Safety Risk: Windshield wipers that don't work properly could affect a driver's visibility. This could increase the risk of a crash. Corrective Actions: Hyundai will notify owners by mail and instruct you to take your vehicle to a dealer to replace the driver's windshield wiper arm. Hyundai advises that if the wipers stop working, you should clear any buildup of snow or ice before restarting the wipers.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (https://recall.hyundaicanada.com/)

Recall #: R0224 | TOW HITCH HARNESS ISSUE Recall Date: 2023 Apr 13

**Recall Description**

Issue: Certain vehicles may be equipped with a 4-pin accessory trailer wiring harness kit that could fail. Over time, this could result in a short circuit that can cause the control module to overheat. Note: This recall only affects Hyundai Genuine 4-pin tow hitch wiring harness kits with the part number S8F67AC500. These kits may have been ordered at the time of a vehicle purchase, or purchased separately from a dealer as an aftermarket accessory. Safety Risk: A short circuit could create a fire risk, even while the vehicle is parked and turned off. Corrective Actions: Hyundai Canada will notify owners by mail and instruct you to inspect if your vehicle has a trailer wiring harness installed. If it does, Hyundai advises that you should park your vehicle outdoors, and away from other vehicles or structures until the recall repairs have been completed.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (https://recall.hyundaicanada.com/)

Recall #: R0286 | Seat Belt Buckle Assembly Recall Date: 2025 Nov 27

**Recall Description**

Issue: The subject vehicles are equipped with seat belt buckle assemblies that may have been manufactured with out-of-specification components by the supplier, resulting in interference within the latch channel. Improperly produced seat belt buckles, combined with slow insertion of the seat belt tongue plate, may prevent the seat belt buckle from fully latching. Safety Risk: An inability to fasten the seat belt in an occupied seat could increase the risk of injury to occupant(s) during a crash. Precautions: Owners are advised to fasten the seat belt firmly into the buckle with quick and direct motion. Once buckled, pull on the belt to confirm the seat belt is fully seated into the buckle. Fasten and confirm seat belts are fully buckled for all passengers who require assistance, such as children. If the seat belt does not remain secured, cannot be fastened completely, or if you experience any other issue with the seatbelt(s), contact your Hyundai dealer to have the vehicle inspected. Corrective Actions: Hyundai Canada will notify owners in writing advising them to bring their vehicles to a dealership for an inspection and/or replacement of the seat belt buckle assemblies, as necessary. The remedy procedure will be performed at no charge to the owner.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (https://recall.hyundaicanada.com/)

Recall #: R0299 | Third-Row Ejection Mitigation (Interim - Recall Remedy Not Yet Available) Recall Date: 2026 Jan 22

**Recall Description**

Issue: The subject vehicles may not meet the allowable third row headform displacement requirements set forth in Canadian Motor Vehicle Safety Standard ("CMVSS") No. 226, "Ejection Mitigation." Safety Risk: A vehicle that fails to comply with this standard might have increased risk of injury to third row occupants during certain crashes including a rollover. Precautions: No precautionary measures are to be taken at

this moment; however, if you experience any issues with your vehicle, please contact your dealer immediately. Corrective Actions: Hyundai Canada will notify owners in writing advising them to bring their vehicles to a dealership for completion of the remedy. The remedy procedure will be performed at no charge to the owner.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (https://recall.hyundaicanada.com/)

Recall #: C0708 | Engine Control Unit (ECU) Update    Recall Date: 2026 Feb 03

**Recall Description**

Issue: On certain vehicles, the Engine Management System (EMS) calibration could result in the engine not properly setting the air-fuel mixture. Not keeping the air-to-fuel ratio at an optimal level may result in increased NOx, NMOG and particulate matter emissions. Pollution Risk: Vehicles may exceed NMOG+NOx and Particulate Matter emissions standards. Corrective Actions: Hyundai Canada will notify owners in writing to bring their vehicles to a Hyundai dealer to have the ECU software updated. The remedy procedure will be performed at no charge to owners. Precautions: No precautions are required for this issue.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (https://recall.hyundaicanada.com/)

**Stolen Vehicle Check**

✔ This vehicle is not actively declared stolen.

**ICBC Disclaimer**

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vchr/Limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.

KM8R3DHE5MU285200

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car. By obtaining, reviewing and/or using this vehicle history report, you agree to be bound by all of the terms and conditions in CARFAX Canada's Conditions of Use and any CARFAX Canada End User Licence Agreements as each may be amended from time to time by CARFAX Canada.
