Recall #: R0271 | Rearview Camera System Recall Date: 2025 Jan 07

Recall Description

Issue: On certain vehicles, the rearview camera may not have been manufactured properly. Over time, the camera could fail and cause the rearview camera image not to display. Canadian regulations require the rearview image to display when the vehicle is reversing. Note: For the Santa Fe model, this recall affects both Santa Fe and Santa Fe Hybrid models. For the Elantra model, this recall affects both Elantra and Elantra Hybrid models. Safety Risk: A rearview camera image that doesn't display could reduce a driver's ability to see behind the vehicle while backing up. This could increase the risk of a crash. Corrective Actions: Hyundai Canada will notify owners in writing and advise you to take your vehicle to a dealership to replace the rearview camera. Precautions: No precautionary measures are to be taken at this moment; however, if you experience any issues with your vehicle, please contact your dealer immediately.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit **Hyundai's website.** (https://recall.hyundaicanada.com/)
