This vehicle history report is based on [information](https://www.carfax.ca/vehicle-history-data) (https://www.carfax.ca/vehicle-history-data) that was reported and available to CARFAX Canada as of March 26, 2025 (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. **There may be other information about this vehicle that has not been reported to CARFAX Canada.** When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

Recall #: R0153 | Product Improvement Campaign - KSDS Update Recall Date: 2018 Sep 01

Recall Description

Issue: Hyundai Auto Canada is conducting a Product Improvement Campaign that provides an update to the engine control module to detect potential problems before an engine fails. An engine failure would cause a sudden loss of power with an inability to restart. Safety Risk: A sudden loss of engine power could increase the risk of an accident. Corrective Actions: The company will notify owners by mail. Owners will be instructed to take their vehicle to a dealer to update the software for the engine control module. Note: The Transport Canada Campaign number was changed to 2019-640. Vehicles previously repaired under Transport Canada Campaign number 2019-130 do not require this software update. Additional information at www.hyundaiengineinfo.ca

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (<https://recall.hyundaicanada.com/>)

Recall #: R0165 | Accessory Trailer Module Replacement Recall Date: 2020 Mar 05

Recall Description

Issue: Certain vehicles may be equipped with an accessory trailer wiring harness kit that could fail. Over time, moisture could enter the control module and cause a short circuit. Note: This recall only affects Hyundai Genuine Accessory trailer wiring harness kits that were manufactured by third parties and sold in Canada. These kits may have been ordered at the time of a vehicle purchase, or purchased separately from a dealer as an aftermarket accessory. Safety Risk: A short circuit could create a fire risk. This risk remains even when the vehicle is parked. Corrective Actions: Hyundai will notify owners by mail and instruct you to inspect your vehicle to see if it has an affected trailer wiring harness installed. If it does, Hyundai will advise you to take your vehicle to a dealer to install a redesigned trailer wiring harness. Hyundai recommends that you should park your vehicle outdoors, and away from other vehicles or structures until the recall repairs have been completed.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (<https://recall.hyundaicanada.com/>)

Recall #: R0190 | Hydraulic Electronic Control Unit (HECU) Recall Date: 2021 Jun 25

Recall Description

Issue: On certain vehicles, brake fluid can enter the brake Hydraulic Electronic Control Unit (HECU) and cause a short circuit. Note: This recall replaces R0172 (Transport Canada recall 2020-410). Vehicles that were repaired under that recall also require this repair. Safety Risk: A short circuit could create a fire risk. Corrective Actions: Hyundai will notify owners by mail and instruct you to take your vehicle to a dealer to have the HECU inspected and replaced if necessary. The dealer will also replace the ABS multi-fuse. Hyundai recommends that you should park your vehicle outdoors, and away from other vehicles or structures until the recall repairs have been completed.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (<https://recall.hyundaicanada.com/>)

Recall #: R0212 -Exp | Reverse Park Aid Sensor Recall Date: 2022 Dec 16

Recall Description

Issue: On certain vehicles, the rear parking assist sensors (mounted in the rear bumper) could short circuit. Note: This recall replaces Transport Canada recall 2022-118. Vehicles that were already repaired under Hyundai recall R0212 don't require this repair. Safety Risk: A short circuit could create a fire risk. Corrective Actions: Hyundai will notify owners by mail and instruct you to bring your vehicle to a dealership to replace the rear parking assist sensor fuse and any defective sensors. Precautions: Until you can bring your vehicle to your dealer for service under this recall, Hyundai Canada recommends that you park your vehicle outside and away from structures. Owners that

experience an inoperative cluster, a transmission shifter stuck in park, or a burning smell/smoking/melting at the rear of the vehicle are advised to have their vehicle inspected by a Hyundai dealer immediately.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (https://recall.hyundaicanada.com/)

CARFAX Canada No Reported Accidents™ Badge

The CARFAX Canada No Reported Accidents™ badge is based on the damage records and/or branding information reported to CARFAX Canada. The badge is available for personal vehicles that have only been registered in Canada, and were not, at the time this report was generated, declared stolen.

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car. By obtaining, reviewing and/or using this vehicle history report, you agree to be bound by all of the terms and conditions in CARFAX Canada's Conditions of Use and any CARFAX Canada End User Licence Agreements as each may be amended from time to time by CARFAX Canada.
