## Open Recalls

Recall #: 69PZ | PODS    Recall Date: 2024 Jun 25

### Recall Description

A wire with a contact fault may cause the Passenger Occupant Detection System (PODS) to detect a malfunction and switch off the passenger airbag, even though the seat may be occupied. In a crash with frontal airbag deployment, there would be an increased risk of injury to the occupant seated in the front passenger seat if the passenger frontal airbag is switched off or not working. Should a malfunction occur, vehicle occupants will be alerted by illumination of the airbag warning light, an acoustic warning sound, an error message displayed in the instrument cluster and by the status of the Passenger Airbag OFF indicator light. If this happens, owners are advised to make an appointment with an authorized Volkswagen dealer to have the vehicle inspected without delay.

### Remedy

Replace the PODS sensor mat and wiring harness.

### ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vchr/Limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.
