05/03/2018		General Motors	Manufacturer Safety recall issued - NHTSA #18V295 - Transport Canada# 2018234 - Recall #N172086770 DRIVER SIDE WINDOW SWITCH INOPERATIVE - Status: Remedy Available Locate an authorized General Motors dealer to obtain more information about this recall.  Learn more about this recall
<p>Description: General Motors has decided that a defect which relates to motor vehicle safety exists in 2014 - 2017 Chevrolet Express and GMC Savana vehicles (built through 6/21/16 and 6/17/16 respectively) equipped with power windows. Under certain conditions, liquid can enter the power window switches in these vehicles and cause corrosion, leading to high electrical resistance. High electrical resistance can cause the switch to heat up, smoke or melt, increasing the risk of fire and injury. Occupants may notice that the power window is malfunctioning or inoperative. Smoke or an odor from smoke or melting may also come from the door panel.</p> <p>A short circuit in these switches can cause the switch to heat up, smoke or melt. Over time, under rare circumstances, the switch can catch fire while the vehicle is on or up to ten minutes after the vehicle is shut off before the driver exits the vehicle, increasing the risk of injury to the driver or passengers.</p> <p>Remedy: Replace driver side door window switch.</p>			
10/02/2018	78,064	Minute Muffler & Brakes Calgary, AB 403-236-0450  3 Customer Favorites	 Vehicle serviced - Alignment checked - Odometer reported as 125,632 kilometers

Glossary

Accident Indicator

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada.

Not every accident is reported to CARFAX. As details about the accident become available, those additional details

are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- According to the National Safety Council, Injury Facts, 2021 edition, 5% of the 276 million registered vehicles in the U.S. were involved in an accident in 2019. Over 77% of these were considered minor or moderate.
- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 9/24/24 at 2:50:40 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
