Recall #: CAN135 | 135 - Remedy Notice - Certain 2003-2009 model year 4Runner vehicles - Accelerator Pedal Modification

Recall Date: 2011 Feb 24

Recall Description

The condition involves the potential risk for the accelerator pedal to get stuck in the wide open position due to an unsecured or incompatible drivers floor mat. A stuck open accelerator pedal may result in very high vehicle speeds and make it difficult to stop the vehicle, which could cause a crash, serious injury or death. Toyota Canada has confirmed that the potential risk for accelerator pedal entrapment due to an incompatible or unsecured drivers side floor mat in vehicles included in the safety improvement is not due to a vehicle defect. It has also been determined that genuine Toyota Canada drivers side all weather floor mats sold and distributed by Toyota Canada for the affected vehicles are compatible with the specific vehicle model for which the floor mat was designed and intended to be used. Also, when the correct Toyota drivers side all-weather floor mat is properly secured using the retaining clips provided with the vehicle and installed following the proper installation instructions, there is no risk of pedal entrapment.

Remedy

Any Toyota dealer will provide a vehicle improvement for your vehicle.

Recall #: CANR14 | R14 - Remedy Notice - Certain 2004-2006 model year Sequoia, Tundra,RAV4 vehicles -
Curtain-Shield-Airbag (CSA) Airbag Control Module

Recall Date: 2016
Feb 02

Recall Description

On certain vehicles, the roll rate sensors in the airbag control module may improperly calibrate if the vehicle experiences a body roll motion approximately four seconds after the ignition is turned to the ON position. If the vehicle experiences another subsequent body roll motion, the system may erroneously detect a rollover, causing both of the side curtain airbags to deploy and the seat belt pre-tensioners to be activated. Unintended airbag and/or seat belt pre-tensioner deployment, in a non-warranted (non-impact) situation, could result in injury and increase the risk of a vehicle crash causing injury and/or property damage.

Remedy

Dealers will replace the airbag control module with one which has improved programming.

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vchr/Limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car. By obtaining, reviewing and/or using this vehicle history report, you agree to be bound by all of the terms and conditions in CARFAX Canada's Conditions of Use and any CARFAX Canada End User Licence Agreements as each may be amended from time to time by CARFAX Canada.
