Description: General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2018-2019 model year GMC Terrain vehicles; 2018 model year Chevrolet Malibu vehicles; 2018-2019 model year Chevrolet Cruze, Equinox, Volt, Impala, and Bolt vehicles; 2018-2019 model year Buick Lacrosse and Regal vehicles; and 2018-2019 model year Cadillac XTS vehicles. In a small number of these vehicles, the rear-brake caliper pistons may contain trapped hydrogen gas that could be released into the vehicle's brake system.

If gas is present in the brake system, rear-brake performance may be reduced, increasing the risk of a crash.

Remedy: Dealers will "bleed" the brake system to remove any gas from the rear brake system free of charge.

Glossary

Commercial

Vehicle was registered for business purposes.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
