## Open Recalls

Recall #: UE3 | 2007-11 CR-V Rear Frame Brace Recall Date: 2023 May 02

### Recall Description

American Honda Motor Co., Inc. (Honda) is recalling certain 2007-2011 model year CR-V vehicles. In salt-belt states where de-icing agents are used to maintain the roadway, the de-icing agents, along with mud and water, could enter the rear frame through drainage/positioning holes when the vehicle is driven through flooded areas or puddles at high speeds. Over time, the accumulated de-icing agents/mud/water mixture could cause corrosion to the frame's internal structure. If this occurs, the rear trailing arm can fall off.

### Remedy

Registered owners of affected vehicles will be notified by mail and asked to take their vehicle to an authorized Honda dealer. Dealers will inspect the rear frame for corrosion to determine the remedy. Owners who have paid to have these repairs completed at their own expense may be eligible for reimbursement, in accord with the recall reimbursement plan on file with NHTSA. For additional questions, owners may contact American Honda's Customer Support & Campaign Center at 1-888-234-2138.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HONDA or visit [Honda's website](https://www.honda.ca/recalls). (https://www.honda.ca/recalls)
