Recall #: CANR80 | R80 - Remedy Notice - Certain 2015 - 2017MY Yaris - Front Door Wire Harness Recall Date: 2019 Apr 23

Recall Description

The subject vehicles are equipped with side airbag sensors installed in each of the front doors and wire harnesses that connect these sensors to the airbag control unit. These wire harnesses could corrode over time which could cause the airbag warning light to come on. In addition, the front seat side airbags and curtain shield airbags could be deactivated or not deploy properly. Non-deployment or improper deployment of these airbags can increase the risk of injury in the event of a crash.

Remedy

Based on production records, any authorized Toyota dealer will replace the wire harness assembly in one or both doors, as necessary, with an improved one FREE OF CHARGE.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact TOYOTA or visit [Toyota's website](https://www.toyota.ca/toyota/en/owners/recalls). (https://www.toyota.ca/toyota/en/owners/recalls)

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vchr/Limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.
