# Vehicle History Report + Lien Check (BC)

## Lien Check

 Almost done! Just collecting info from **New Brunswick...**

 No lien records found in **British Columbia**.

### How We Check for Liens

CARFAX Canada uses the VIN to search government records in each Canadian province and territory (excluding Northwest Territories) where the vehicle is currently registered and where it has historically been registered. We do not check for liens or title in any U.S. state.

If a VIN has no registration records in Canada, we cannot check for liens. We cannot guarantee lien checks on trailers, recreational vehicles or heavy-duty equipment.

Purchasers should always get written confirmation from vendors that there is no lien on the vehicle.

### CARFAX Canada Canadian Lien Guarantee

If for some reason our lien check fails to accurately reflect the Canadian enforceable lien status of a vehicle at the time of the search, CARFAX Canada will reimburse the party that purchased the report and relied on it to their detriment to a maximum amount of (1) the value of the car (2) the value of the lien (3) Five Thousand Dollars Canadian (\$5,000.00), whichever is lower.

Recall #: R10029 | Front Seat Belt Fastener    Recall Date: 2020 Jun 30

**Recall Description**

Volvo Car USA LLC and Volvo Car of Canada Ltd (Volvo) on behalf of Volvo Car Corporation, has decided to launch Recall R10029 on model year 2007 – 2018 S60 Series, V60 Series, S80 Series, XC60, XC70 and V70 vehicles. Volvo has identified an issue with breakage/fatigue of the steel cable, which is mounted on the outboard side of the front seats and connected to the front seat belts, can overtime suffer from wear and fatigue if repeatedly bent over the seat cushion, this may result in permanent elongation. Fatigue to the cable could lead to insufficient cable strength to support seat belt function during crash and could result in reduced or no seat belt restraint function.

**Remedy**

The corrective action is to replace the front driver and passenger seat belt fastener with a new fastener.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact VOLVO or visit [Volvo's website](https://www.volvocars.com/en-ca//recall-information/). (https://www.volvocars.com/en-ca//recall-information/)

#### ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vchr/Limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.
