This vehicle history report is based on information (https://www.carfax.ca/vehicle-history-data) that was reported and available to CARFAX Canada as of December 02, 2024 (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. There may be other information about this vehicle that has not been reported to CARFAX Canada. When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

Vehicle History Report

Recall #: R0180 | Engine Control Module Reprogramming Recall Date: 2022 May 06

Recall Description

Issue: Hyundai Auto Canada is conducting a Product Improvement Campaign that provides an update to the engine control module to detect potential problems before an engine fails. An engine failure would cause a sudden loss of power with an inability to restart. Note: This only affects certain vehicles equipped with a 2.0 L Nu GDI engine. For the Sonata model, only the Sonata Hybrid and Plug-In Hybrid (PHEV) models are affected by this campaign. This is an expansion of R0180 (Transport Canada #2021-575). Any vehicle that received a software update under campaign R0180 does not require this update. Safety Risk: A sudden loss of engine power could increase the risk of an accident. An engine failure could also create the risk of a fire. Corrective Actions: Hyundai will notify owners by mail and advise you to take your vehicle to a dealer to update the software for the engine control module. Note: Hyundai recommends that you should always follow the correct vehicle maintenance schedule, which is printed in the Owner's Manual. If you experience unusual engine noise, reduced power, or a check engine/oil warning light, Hyundai advises you to immediately visit a Hyundai dealership to have your vehicle diagnosed.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact

HYUNDAI or visit Hyundai's website. (https://recall.hyundaicanada.com/)

Recall #: C0525 - (UD/MD/JK) | Underbody Corrosion Recall Date: 2023 Mar 08

Recall Description

Issue: Hyundai Auto Canada is conducting a Special Service Campaign that provides anti-corrosion treatment to certain underbody components. Over time, components under the vehicle, including brake lines could corrode. In extreme cases, a brake line could fail and leak. A brake fluid leak can result in reduced braking. Safety Risk: Reduced braking can cause an extended stopping distance and increase the risk of a crash. Corrective Actions: Hyundai will notify owners by mail and advise you to take your vehicle to a dealership to inspect the underbody, including the brake lines. The dealer will apply an anti-corrosion treatment to certain parts, and replace the brake lines if necessary.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit **Hyundai's website**. (https://recall.hyundaicanada.com/)

Recall #: R0254 | Trunk Latch Recall Date: 2024 Apr 11

Recall Description

Issue: On certain vehicles, a part in the trunk release latch could fail. If this happens, the emergency trunk release located inside the trunk compartment may not work properly. This could prevent a person that is trapped inside the trunk from opening it. Safety Risk: If a person is closed inside the trunk compartment, they may not be able to get out. This could create a risk of injury. Corrective Actions: Hyundai will notify owners by mail and instruct you to take your vehicle to a dealer to replace the trunk latch assembly.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit Hyundai's website. (https://recall.hyundaicanada.com/)

Stolen Vehicle Check

This vehicle is not actively declared stolen.

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither ARFAX Canada, and on or any of its source data provides shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car. By obtaining, reviewing and/or using this vehicle history report, you agree to be bound by all of the terms and conditions in CARFAX Canada's Conditions of Use and any CARFAX Canada End User Licence Agreements as each may be amended from time to time by CARFAX Canada.
