Recall #: R0132 | PARKING BRAKE SWITCH REPLACEMENT Recall Date: 2017 Jul 25

Recall Description

On certain vehicles equipped with a manual parking brake, the electrical switch which illuminates the parking brake warning light in the instrument cluster could become corroded. This could result in the parking brake warning light intermittently not illuminating when the parking brake is applied. A failure of the parking brake indicator to illuminate when the parking brake is applied can result in a driver misapplication of the parking brake, which may cause the following conditions: effect on vehicle acceleration, parking brake noise and/or parking brake "drag" and smoke and/or smell from driving with the applied parking brake. Correction: Dealers will replace the parking brake switch with a switch that revised contact material.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (https://recall.hyundaicanada.com/)

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vchr/Limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.
